

Photo 1 Lower Kaituna Wildlife Management Reserve. Note hunting is confined to the river loops in the DoC area.

Access is no longer via Pah Rd.

As a result of the newly constructed Eastern Arterial Route, access to the lower Katuna WMR is;

1. Turn into Maketu Rd off SH2 (by Kiwi 360)
2. Go under new motorway bridge
3. Immediately after the bridge tunnel turn left onto (new section) Te Tumu Rd.
4. Follow the Te Tumu Rd until 'T' junction and turn left into Kaituna Rd.
5. Continue to junction with Pah Rd – reserve car park immediately on right.
